

*Brighten Your Garden With Color All Year Round*

- Spring foliage has a light green center with bright yellow variegation. Summer foliage has a darker green center and a golden to creamy yellow outer edge. Fall foliage color is a combination of green, golden yellow, orange, and red.
- Fragrant white blooms from summer through fall attract butterflies.
- Brilliant red stems contrast to the bright yellow/green foliage.
- Habit is neat, compact, mounded, and requires minimal maintenance.
- USDA Hardiness Zone 6 (-10° F / -23° C). Evergreen in Zone 7.
- Excellent when used in small groupings, mass plantings, containers, or anywhere a splash of color is needed.
